TARGA RESOURCES

Industry Leader - Supply Security

TARGA

GATHERING • PROCESSING • TREATING • FRACTIONATION • STORAGE • TRANSPORTATION • MARKETING

Targa is a leading provider of midstream services as one of the largest independent midstream infrastructure companies in North America. Our operations are critical to the efficient, safe, and reliable delivery of energy across the United States and increasingly to the world. Our assets connect natural gas and natural gas liquids (NGLs) to domestic and international markets with growing demand for cleaner fuels and feedstocks.

- Reliable supplier of propane to the Southeastern US since 1953.
- Strategically located assets throughout the Southeast, supplied by pipeline, rail, and barge.
- One of the largest shippers on the Dixie Pipeline, with owned terminals and storage in Mont Belvieu, TX, Gillis, L.A. and Hattiesburg, MS.
- Our pressurized barges supply propane to marine terminals in Port Everglades, FL, Greenville, MS, and the Caribbean.

CALL US TODAY TO DISCUSS HOW TARGA CAN DELIVER RELIABLE PROPANE SUPPLY FOR YOUR COMPANY.

GREETINGS TO ALL SOUTHEAST PROPANE ALLIANCE MEMBERS,

It is an honor to serve as the Chairman of SEPA, and I am excited to share with you all the new developments taking place in the Alliance. Our team is working tirelessly to provide programs and services that will benefit you and your business.

I'm pleased to highlight some of the upcoming activities in the Alliance for 2024:

- Our SEPA Convention will be held from June 9–12 at the beautiful Wild Dunes Resort in Isle of Palms, SC.
- We're continuously improving our communication efforts to keep you updated with the latest news and updates through our latest customer relations management software, Memberclicks.
- SEPATEC has added a new CDL Class B short course to the curriculum, complementing the 8-week CETP course, to cater to the growing demand for CDL-B drivers. We're also implementing an in-house Entry Level Driver Training (ELDT) program to streamline the training process.
- Our three SEPA lobbyists will work in unison to track and defeat any legislation that could harm your businesses, such as gas bans on appliances.
- We are moving a propane assessment bill through the legislature in SC, and once complete, all three states will have their own check-off program.
- We'll be hosting meetings in each state, as well as numerous other events throughout the year.
- The SE Expo is scheduled to be held in Charlotte, NC, in April 2024 and 2025.
- Our Director of Safety and Code Compliance will work toward developing a good working relationship with the AHJs in each state that regulate our industry.
- We'll be hosting legislative events and site visits in all three states.

As you can see, the Alliance has a lot in store for the year ahead. Your support of SEPA is critical in ensuring we continue fighting for you and our industry.

I'd like to thank the Member Services Committee and SEPA staff for putting together this edition of the SEPA Membership Directory. The SEPA Board of Directors and staff are committed to making the Alliance the best propane organization in the nation.

Thank you for allowing me to serve as your Chairman.

Sincerely,

Tyler Misel

Your Career in Propane Starts Here

Outstanding training that gets you working in propane fast.

The beginning of your new career path. Outstanding training that gets you working in propane fast.

State-of-the-art facilities.

SEPATEC's 10,000-square-foot facility in North Carolina has classrooms and a training area called Propane Village. It features equipment and tools like electrical boards, tanks, gauges, and valves for hands-on learning.

The propane industry is a great fit for veterans!

We welcome veterans of all service backgrounds to apply! The skills, discipline, work ethic, and experience you acquired during your service are highly valuable, and will greatly benefit you in this exciting new career opportunity.

Why SEPATEC Is Right for You.

- **No filler classes.**
SEPATEC specializes in propane education and certification programs, without the need for unrelated courses.
- **Hands-on training.**
SEPATEC offers a hands-on approach to learning about propane, with approximately half the course spent in the field working with the equipment used on the job.

- **No wasted time.**
An intensive 8-week CETP course offers 319 hours of hands-on training and classes to prepare individuals for industry certification.

SEPATEC is a propane career training program in Graham, North Carolina, offering hands-on courses that provide in-depth training for those seeking a career in propane. The program is tailored to give students the necessary skills to secure a job in the field.

25+ Years

Proudly Serving
The LP Gas
Industry

NORTH CAROLINA

SHARP
ENERGY

Sharp Energy is one of the largest propane gas suppliers in the Mid-Atlantic Region. Yet our customer service has a personal touch you won't often find with a propane supplier our size.

CALL TODAY 888-742-7740
SHARPENERGY.COM

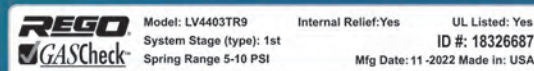

PART OF OPW | a DOVER company

Reliable Dependable Regulators

Made in the USA

Easy to Find

Quickly find the information you need with our patented laser-engraved part number, date code and serial number that matches included GASCheck™ Labels.

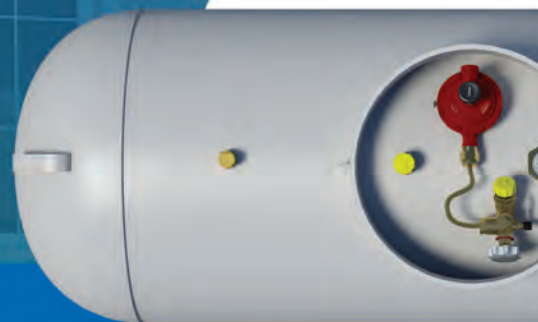

No Special Tools Required

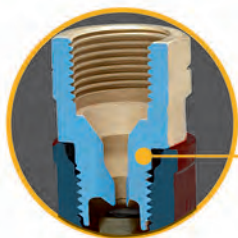

Our pressure plug ports conform to a standard 7/16" wrench.

Easier to Secure

Our bonnet cap features a loop for a lanyard to help keep it secured, making it more tamper resistant.

When you specify RegO, you get 100% tested products backed by our industry-leading 10-year warranty and our global support network. Our products are designed for fast and easy maintenance, to save you time and money—and give you peace of mind.

Easy to Service

The nozzle orifice is easily replaceable and precision machined to prevent scoring of the seat disc.

Reliable Service

Resilient seat disc construction gives sure closing at lock up pressure. Straight line seat disc to nozzle operation provides even seat disc wear and positive lock up.

Easy to Adjust

We redesigned our adjusting screw to be easily turned by hand.
